Follow the on-screen instructions

When your TV powers on, follow the easy on-screen instructions for setup.

Your TV will automatically detect wireless networks in your area, so have your network name and password handy. If you aren't ready to connect to a wireless network you can still use it as a regular TV.

4

Activate your smart TV

Activate your TV using your computer, smartphone, or tablet to link to a Roku account. You need a Roku account to activate your TV and access entertainment across thousands of streaming channels.

NOTE: ROKU DOESN'T CHARGE FOR ACTIVATION SUPPORT - BEWARE OF SCAMS.

Roku accounts are free and while a valid credit card number is not required to create a Roku account, saving your credit card information makes renting and purchasing entertainment from the Roku Channel Store fast and convenient.

Once connected to your account, your TV will automatically update with the latest software, and you can start streaming immediately.

A paid subscription or other payments may be required for some streaming channels. Channel availability subject to change and varies by country.

CONNECTING AN ANTENNA

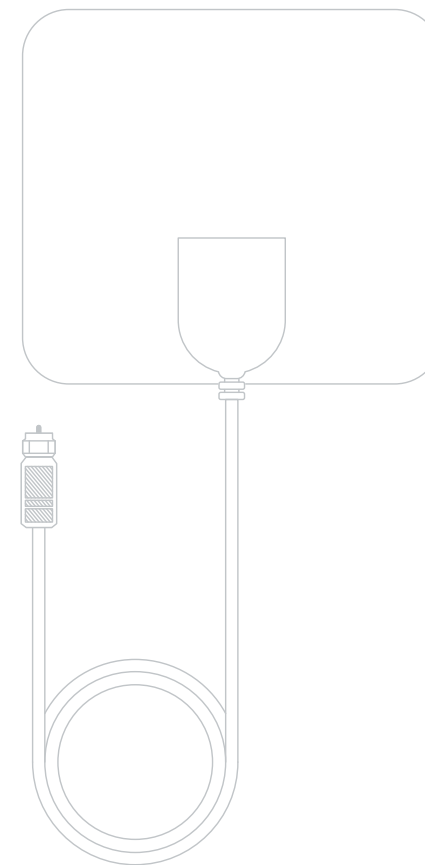

With the built-in tuner you can connect your TV to an antenna and enjoy over-the-air entertainment.

- 1.** When the setup wizard is complete select the Antenna/Live TV icon from the home screen.
- 2.** Follow the on-screen instructions.
- 3.** Whenever you want to watch antenna TV, select the Antenna/Live TV icon.
- 4.** Live TV Pause feature: Pause up to 90 minutes of live antenna TV when you connect a 16 GB or larger USB drive to your TV. All data on the USB drive will be deleted prior to use.

UNIVERSAL REMOTE SETUP

If you prefer to use your cable set-top box or satellite receiver remote as a universal remote, please refer to the manual your cable or satellite service provided. It includes instructions on how to program your remote to your TV.

You can find the most common cable and satellite provider universal remote codes at roku.com/universalremote.
